LIVE MORE VESPA

Vespa is a way of being and a state of mind, besides being a means of transport.

It embodies the approach to a spontaneous and young life typical of Vespa, that leads you to do everything that crosses your mind but in the Vespa way- with elegance, joy, style and healthy fun. Because if you have a Vespa, you can be yourself without thinking too much, just get on and go wherever you want, when you want. Do you feel it's the right moment? Off you go!

Vespa is the coolest way to make the most of your journeys because it is the vehicle that takes you to new and fascinating experiences that always give you something more. More than you expect, more than you think you know, more than you are used to living.

Now more than ever, be Vespa in everything you do.

STEP INTO INNOVATION.

We, at Vespa firmly believes in gearing towards a brighter future. And we believe that we must spearhead the move into tomorrow. For a long time now, we have always aimed at creating new technology that pushes the limits of where it's at today. Which is why we have introduced an all new BS-VI ecosystem that'll help us achieve that dream.

The all new Vespa range of scooters have introduced a green revolution with the Fi-injected technology. The all new sustainable vehicles come with incredible new looks, better driveability, power, consistent fuel economy & overall performance resulting in a comfortable riding experience. The Fi-technology also results in cleaner emissions and helps reduce the stress on our environment.

So come, live in the future with us.
